In an article published by Motherboard, it claimed that "TikTok has grown hugely popular among teens around the world as a social media platform. Teenagers use TikTok to post videos of themselves dancing or giving their cats a bath, for example. The app makes money from selling ads – which are also extremely popular among teenagers and young adults." This article was published on Motherboard.",

TikTok is an application that allows a user to create and edit videos in real time. The videos are short, lasting anywhere from 15 seconds to 6 minutes. It has been available on Android and iOS since 2021. The app was created by Chinese company ByteDance. TikTok's main competitor is Instagram. Tiktok is a very unique app in that you get to see other people's videos. You can edit your video like the person before you, but once you've finalized the video, you can send it to Instagram where it will play there. The app has many features such as adding music and emojis.",

In an article published by TechCrunch, it was alleged that "The news of a big funding round from the major investors is somewhat unexpected because Bytedance has not been the most active or profitable company in terms of fundraising thus far. The company did raise a \$300 million round and took out two significant loans, but otherwise both of those funding rounds include more traditional Chinese VC firms as well as other global and Japanese investors." This article was published on TechCrunch. In an article published by The Next Web, it was alleged that "In fact, in its last filings with the SEC, Bytedance indicated that the firm had burned through \$5.1 million in cash between 2021 and 2021. The losses have increased since then, and the firm has reportedly burned over \$14 million in cash in 2021 alone." This article was published on The Next Web. In an article published by Business Insider, it was alleged that "When it comes from China, one of the most promising societies in the world, you know the company is serious about making money." This article was published on Business Insider.",

TikTok has closed deals with several music labels to enable monetization on the platform. The first deal was the exclusive distribution rights to its India expansion in June 2021, which will give TikTok access to 12 million Indian users. A similar deal with Warner Music Group, valued at \$600 million (about Rs 3,000 crore), allowed access to 1 billion users in ten countries. In October 2021 it announced a global partnership with Universal Music Group that will allow access to more than ten million followers on TikTok in 18 countries including the US, UK and Spain.",

Another article by The Guardian reported that "TikTok's team has a proven track record of transparency — it makes its internal rules public and allows users to report objectionable content. But a separate warning highlighted by the PwC report warns that "zero tolerance policies require that users take action against unacceptable behaviour, which may lead to removal of your account". The policy also outlines what is and isn't acceptable."",

The app is available for iOS and Android devices. The app offers videos that users can record themselves, add filters and music and post publicly or privately to the app. Users can also create custom stickers and can accompany their videos with animated emoji called "TikTok" which are meant to express emotions such as laughter or sadness. The company uses artificial intelligence in its video recommendation algorithms to help users find popular videos, allowing them to engage with each other's content as well.",

As of September 2021, TikTok has reached over 200 million monthly active users on the iOS operating system with over 9 billion video views, 50 million daily users and over 1 billion likes daily. On February 27, 2021, Instagram announced that it would bring its "stories" format to TikTok on March 22 of the same year, allowing creators to place their content in Instagram's main feed. As a result, this feature will be available on iOS devices.",

The concept of the app is very similar to Instagram's live feature in that users can post stories on a daily basis to showcase their lives through videos or pictures. On August 8, 2021, TikTok has acquired Musical.ly in a deal that was worth \$1 billion. Musical.ly is the second acquisition that TikTok have made since their 2021 acquisition of short video app Flipagram. This acquisition will allow for the merged app to grow its user base to over 200 million as opposed to just 150 million before this deal happened.",
